

PEARL BRYAN CRIME

The Cincinnati Police Have Not Yet Solved It.

PRACTICALLY AT A STANDSTILL.

The Coroner's Inquest in Newport, Ky., Results in a Verdict Holding Scott Jackson and Alonzo M. Walling Accountable For the Death of Pearl Bryan—Latest Developments in the Case.

CINCINNATI, Feb. 13.—The police seem to be practically at a standstill in the attempt to solve the Pearl Bryan murder mystery. While they are straining every nerve in that direction and leaving no point uncovered which might lead to some new development, the fact remains that practically nothing has been accomplished during the past few days. Mayor Caldwell and Chief Deitch admit that they have nothing new. As the affair now stands, unless further progress is made within a very short time, the probabilities are that the details of the murder will remain shrouded in the gloom of mystery.

Scott Jackson's written statement to his attorney has been given to the public. It undertakes to tell chronologically his connection with the case, beginning with Monday of the week of the murder. That day, he says, he received a postal card from Will Wood, stating that Miss Bryan would arrive in Cincinnati that night. He and Walling went to the two depots, but both missed her. Not having money, he borrowed \$2 of Wallingford, of which he paid back \$1.75 the next night. Tuesday morning he received a note from Pearl and he and Walling went to the Indiana House. He saw her, but Walling did not. It was arranged that Walling should get a room, without telling Jackson where it was, and perform the operation. Walling not having found a room, Miss Bryan went to Heider's for supper and to the Indiana House for the night. He does not say where she was on Wednesday, except that he told her to meet Walling at Fourth and Race at 10 o'clock. Walling left him to meet her, and Jackson saw him no more until Thursday afternoon at the college. To his question about the news, Walling answered: "Everything is all right. She is well."

Jackson was at the college until 5:30 o'clock, and in his room most of the evening. At 9:30 Walling came in and got some things from the closet, took the grip and went out. Friday morning Jackson awoke and found Walling in bed, and they went to the lecture together. That day Jackson had his beard shaved at the barber's suggestion. Walling was out all afternoon, but came in in the evening and played a game of cards. After 9 o'clock Walling took Pearl Bryan's grip, put on his hat and coat and went out. He did not return until after 3:30 a. m. "For at that time," says Jackson, "I awoke and found he was not in, so I put out the gas and went to sleep." Saturday morning he found Walling in bed. He then tells of their going to the college on Saturday, and in the afternoon reading of the murder in the papers. When he asked Walling if that was his case, his face turned red and then pale, but he did not answer. Jackson adds: "When I asked him what he did with the head, Walling simply said: 'I threw it overboard.'"

Jackson then tells of their return to their room and of their plan to get rid of Pearl's clothes. He admits that he threw a bundle into the sewer and threw some things into the Ohio river. It developed at the inquest on Wednesday that cocaine was found in Pearl Bryan's stomach. This corroborates Walling's claim that Jackson gave her cocaine in a glass of sarsaparilla, also the statement of Druggist Ulen that he sold cocaine to Jackson.

The formal inquest in the case has been completed in Newport by Coroner Tingley, but, as was expected, it developed no further information than that which has already been given to the public. It showed, however, conflicting opinions as to where the crime was committed, whether in this city or at Fort Thomas, and served to prove that this point will be most embarrassing when the question of jurisdiction comes up.

The coroner's verdict is rendered by the jury as follows:

"We, the jury of Campbell county, Ky., find that the headless body of the woman found on the premises of John Locke, at Fort Thomas, on the morning of Feb. 1, was that of Pearl Bryan, a resident of Greencastle, Ind."

"We further find that cocaine had been administered to Pearl Bryan for some reason unknown."

"We further find that the decapitation took place while Pearl Bryan was alive."

"We further find that Pearl Bryan was last seen in company with Scott Jackson and Alonzo Walling. The three got into a cab on the Plum street side of a saloon, corner of George and Plum streets, and were last seen in the cab turning toward Plum street, in the direction of Fort Thomas."

From these findings the coroner holds Scott Jackson and Alonzo M. Walling accountable for the death of Pearl Bryan.

The report of the postmortem, the chemical analysis of the stomach and of Attorney Yontze were ordered filed with the verdict.

Woman-Killer Guilty.

ST. LOUIS, Feb. 13.—Charles H. Dreiner, who killed Bertha Hunyke, his sweetheart, on Jan. 31, 1894, has been found guilty of murder in the first degree.

FREIGHT TRAINS MEET.

Three Men Killed and Two Others Injured, One of Them Fatally.

ROCHESTER, Feb. 13.—A fatal freight wreck occurred yesterday about four miles east of Fairport, on the New York Central railroad. An eastbound stock train of 23 cars was running on track No. 4, but at Fairport, owing to a misplaced switch, was thrown on to track No. 3, and when opposite the Rochester Reduction company's plant at Wayneport, engine No. 552, westbound, with 17 cars, on track No. 3, crashed into them, causing the wreck.

Six carloads of stock were scattered over the four tracks and one carload of horses was turned loose. The 16 horses ran over to the West Shore tracks, where a number were killed by a passing train.

Eight cars were wrecked in the westbound train. Both engines were totally wrecked.

Fred Hosford of this city, fireman of the westbound train, was found lying dead, jammed against the boiler of his engine.

Engineer Thomas Welch of the eastbound train, who runs east from Buffalo, and lives in South Greece, was instantly killed.

Fireman Wood of the eastbound train, who lives in DeWitt, was buried in the wreck, and was dead when his body was recovered.

William Gundenschus, a brakeman of Rochester, was buried in the wreck and removed unconscious. He is badly hurt.

D. C. Wilson, brakeman, was found badly cut about the face and almost frozen to death.

Engineer Phillips, the westbound engineer of this city, was found in a field 60 feet from the disaster, stunned. He was unable to tell how he came there. His fireman was Hosford, who was instantly killed.

Another in Tennessee.

CLARKSVILLE, Tenn., Feb. 13.—Through freight No. 112, northbound, was wrecked just before clearing the yards by running into a spring switch. Brakeman William Brannon was killed instantly, his body being literally cut to pieces. Engineer Hockersmith was seriously injured. Both men live at Bowling Green, Ky. The engine and three cars were badly wrecked.

BIG POWWOW AT PINE RIDGE.

Choosing Delegates to Washington to See About Various Things.

PINE RIDGE, S. D., Feb. 13.—The Indian council at Pine Ridge is still in session. It is probable that Red Cloud, Little Wound, American Horse, Rocky Bear, Charles Cuny, an interpreter, and either Police Captain Thunder Bear or Lieutenant Joe Burh will be chosen as delegates to Washington.

Whichever of the two latter goes will urge an increase of the pay of the reservation police. The number of Indians present is about 3,000 all told. They have raised between \$500 and \$600 to defray the expenses of the delegation. There is order and little excitement among the Indians. The number of Sioux is increasing daily and the 7,000 advertised to be present may get in by tonight.

Something to Learn From Germany.

WASHINGTON, Feb. 13.—United States Consul Wagner at Cologne, in a report to the department of state, calls attention to the excellent results attending the system practiced in Germany of educating young men for business life in special schools and he urges the adoption of a similar plan in America if our merchants expect to build up any foreign trade. The young graduates of these German business schools are fitted to go to almost any country in the world and find themselves at home in the language and knowledge of the habits of the people.

Hunter's Ranks Remain Broken.

FRANKFORT, Ky., Feb. 13.—The crowds attending the joint assembly were denser than ever, an additional interest resulting from the previous day's break in the Hunter lines. One hundred and thirty-two members answered present, 67 being necessary to a choice. Senators Hissem of Campbell, Carpenter of Carter and Rummons of Mason, Republicans, again failed to vote for Hunter. The vote stood: Hunter, 62; Blackburn, 61; scattering, 9.

Quay in the Race.

WASHINGTON, Feb. 13.—It has been determined that Senator Quay's name shall be presented to the Republican national convention at St. Louis for the presidency. This determination was reached yesterday and it is believed that there was a conference of the friends of the Pennsylvania senator yesterday when the conclusion was reached to present his name.

Hand Cut Off.

HAMILTON, O., Feb. 13.—George Smith, aged 22, who lives near the Ohlinger farm, north of Hamilton, yesterday had his right hand and part of his arm cut off in a feed box run by horse-power. The flesh was ground into small fragments.

Cleveland Credit Men Organize.

CLEVELAND, Feb. 13.—The credit men of Cleveland met yesterday and formed an organization. They sent a request to the credit men of Chicago that they co-operate in calling a national convention in this city, as proposed some time ago.

NO CHANCE TO FIGHT

Fitzsimmons and Maher May Not Get Together.

WATCHED BY THE AUTHORITIES.

The Texas Rangers Instructed to Fire Upon the Assembled Crowd and to Endeavor to Kill the Principals in the Fight on the First Volley—Mexican Authorities Determined to Prevent It.

EL PASO, Tex., Feb. 13.—Late yesterday afternoon Adjutant General Mabry gave Fitzsimmons a scare that sent the lanky Australian to Stuart with eyes hanging out. General Mabry called at Fitzsimmons' quarters in Juarez and informed him that no matter where he went, no matter where the fight took place, some of the state rangers would be with him. If he attempted to fight on Texas soil, rangers, General Mabry declared, would at once open fire and pay the principals in the fight the distinguished honor of trying to kill them first of all.

Fitzsimmons at once hurried over to El Paso, and declared his antipathy to being shot, and demanded absolute protection, without which he would not fight at all. He and Stuart held a long conversation and at its close Fitzsimmons mounted his wheel, and, with apparently easy mind, started to his quarters, saying he is satisfied to take the chances.

Eugene Mailfert, surveyor of the state of Chihuahua, has a large force of men at work establishing a line between New Mexico and Mexico. In that region there is a stretch of territory which is in dispute between the United States and Mexico. The line is for the benefit of the Mexican soldiers. It was agreed at the late conference on Tuesday evening that the survey should be made so that if the fighters sought the disputed tract the Mexican troops might know just how far they could proceed.

A further conference was held at Juarez yesterday, at which were present Governor Ahumada of Chihuahua, Mayor Arriola of Juarez, Colonel Tavaréz, Collector Bouche and other Mexican officers; Deputy United States Marshal Ware of Texas, Deputy United States Marshal Hall of New Mexico, Governor Culberson of Texas, United States Attorney Culberson and Adjutant General Mabry of Texas. It was agreed that the two forces should co-operate in preventing the fight. The United States marshals declared that they would not cross the border after the fighters, although Governor Ahumada declared he should raise no objections if they did.

The governor of Chihuahua declares that while the United States officers were welcome to cross the line into his bailiwick, the forces should stop at the line, even though the officials of this side make no question, such action might result in complications.

The line being established by Engineer Mailfert, who has a large force of soldiers detailed to the northwest as well, will be recognized by both the Mexicans and Americans.

General Mabry informed Dan Stuart last night that when the train, or flatboat, or balloon, or whatever it is to be that is to convey the pugilists from this city to the battleground pulled out, he would be there without a ticket and all his rangers would attend the fight. Stuart readily acquiesced, saying that he was willing they should go along and keep him out of Texas. It is needless to say the rangers will all be there. Some of them want to start right now.

The cavalrymen who came to town last night from Fort Bliss, the United States military post just a few miles from here, reported that Company H of the Fifteenth infantry, U. S. A., which was to have left yesterday on a practice march, has been ordered to remain in barracks until further notice. Company B was called in three days ago. The restrictions relative to Company H and the rest of the soldiers of the regular army came from Washington by way of San Antonio early yesterday morning and they are that no man is to leave the post until such permission is received from Washington. There are at Fort Bliss 250 infantrymen of the Fifth cavalry, and five troops of the Fifth cavalry.

E. J. Rector, the manager of the Kinetoscope company's business here, left town at 11 o'clock last night on one of the roads that run out of El Paso. With him went the kinetoscope apparatus with which the big fight is to be photographed, and four employees of the company who are to aid Rector in putting the machine in position. In what direction they went no one seems to know. Dan Stuart certainly had his plans well laid and got Rector and his outfit off without exciting even the suspicions of the rangers, who seem to be everywhere and at every point on the turns.

A cable was received yesterday from the National Sporting club of London, offering a purse of £1,500 for a fight between Fitzsimmons and Maher, and allowing each £100 for training expenses. This offer stands in case no fight is pulled off.

NOT IN ARIZONA.

The Militia Already Ordered Out and Are Now Guarding the Boundary.

PHOENIX, A. T., Feb. 13.—Major R. Allen Lewis, commanding the Second battalion, N. G. A., wires from Bowie that he has positive information that the Maher-Fitzsimmons fight is to be

brought off within Arizona lines. Governor Hughes has ordered to eastern Arizona three companies of militia, two from Tucson and one from Yuma. They will be held at Bowie or San Simon, where commissary positions are available.

Companies at Nogales, Phoenix, Tempe and Mesa were also instructed to prepare for active service at once. Each company must report 25 men ready for active duty. The governor has telegraphed Major Lewis to prevent at all hazards the passage of persons to engage in a prize fight, as they will be implicated in a conspiracy to commit a felony. The governor also wired the Southern Pacific company that he is informed an attempt will be made to bring off the fight in Arizona, and urging the company not to become accessories by carrying the fighters.

GOMEZ HEARD FROM.

The Cuban Insurgent Going About Pretty Much as He Pleases.

HAVANA, Feb. 13.—Word has been received of the whereabouts of Maximo Gomez, which has been something of a mystery for several days past. It is known that he was encamped Tuesday before Jamaica and was afterward reported at San Jose de Las Lajas, in Havana province, where he addressed the people, and afterward slept at the plantation of Portugal.

A general engagement is reported to have occurred between the opposing forces, the battle lasting for three hours. The insurgents position was attacked with a bayonet charge and was taken the enemy taking flight to the westward toward San Juan and Cayajobos, west of the city of Pinar del Rio.

The insurgents left, according to the official report, 24 dead and five prisoners together with arms and saddles and carried away numerous wounded. General Cornell, commanding the Spanish forces, was wounded by a contusion in the breast, but he continued in command of his troops. The loss of the troops is reported as one killed and Lieutenant Saltier and 27 soldiers wounded.

Generals Navarro and Linares will go to Spain from here on Feb. 20. General Arrola will assume the command now held by General Navarro.

Word has been received that the captain and firemen at Jamaica have gone over to the insurgents.

Reinforcement From Spain.

BARCELONA, Spain, Feb. 13.—Reinforcements to the number of 1,200 troops sailed for Cuba yesterday. 2,300 men will sail today and 2,200 additional troops will sail for Cuba tomorrow.

ENGLAND AIDING U. S.

All Information Possible Will Be Supplied Our Commissioners.

WASHINGTON, Feb. 13.—Ambassador Bayard has briefly informed Secretary Olney by cable that the British government had acceded to the request of the Venezuelan commission to supply all of the information in its possession on the boundary line between Venezuela and British Guiana.

Touching the report from London that Venezuela is about to send a representative to London to negotiate directly for the settlement of the boundary question, nothing official can be learned here. The utterances in the queen's speech and in the debate in parliament and particularly in the commons, upon the address from the throne have given great satisfaction in official circles here.

What Venezuela Will Do.

LONDON, Feb. 13.—It is announced from a good source that following the advice of the United States, Venezuela has practically decided to send a representative to London, with power to open direct negotiations with the government of Great Britain for the settlement of the boundary dispute between British Guiana and Venezuela.

FIRE IN ECUADOR.

Over Four Million Dollars' Worth of Property Destroyed in Guayaquil.

LIMA, Peru, Feb. 13.—The city of Guayaquil, in Ecuador, was visited by a terrible fire Tuesday night. The Peruvian consulate, the St. Augustin church and several blocks of buildings were destroyed. The losses will aggregate over \$4,000,000.

A large portion of the houses of Guayaquil are built of wood or bamboo or mud, so that the conflagration made speedy and irresistible headway in spite of strong efforts of the fire brigade, which is unusually large and efficient, on account of the characters of the buildings in the town.

Pardoned by the President.

WASHINGTON, Feb. 13.—The president has pardoned J. T. Morrison, sentenced in Georgia to 10 years imprisonment for conspiracy, and Riley Steadman, sentenced in Texas to 30 days imprisonment and fine for bringing liquor into the Indian territory, in both cases on account of the bad state of the convicts' health. A pardon has also been granted to Robert F. Lane, sentenced in Missouri to two years imprisonment and a fine for counterfeiting.

Ex-Slaves Want Pensions.

TOPEKA, Feb. 13.—An organization of ex-slaves has been effected here by 50 colored men for the purpose of making a demand on congress for pensions. It is the purpose to make it of national scope. Of those in the meeting fully one-third had felt the lash. The aged, the lame and the blind were happy in the belief that all they have to do is to write to congress to get national relief for their distress. There are possibly 1,500 ex-slaves here.

GRAND LODGE OFFICERS ELECTED

Central Traffic Association Scored For Not Granting the Reduced Rates Promised. Republicans Will Ask For a Special Session of the Legislature—Fire at Waterloo—Other Indiana State News.

INDIANAPOLIS, Feb. 13.—The members of the Grand Lodge of the Knights of Honor elected the following officers. Grand dictator—Dr. A. C. Beecher, Lagrange.

Vice dictator—Dr. W. H. Stephenson, Wabash.

Grand assistant dictator—Ora C. LaRue, Evansville.

Grand Recorder—J. W. Jacobs, Jeffersonville.

Grand Treasurer—S. W. Wales, city. Grand Trustee—Herman Kruger, Kendallville.

James W. Jacobs was elected recorder for the sixteenth consecutive term.

Indignation was expressed because the Central Traffic association refused to grant a rebate in the railroad fare of the delegates, as agreed, if 100 delegates attended the meeting. Though only 85 certificates were presented, attention was called to the fact that 120 delegates were present at the meeting, of whom 103 were from out of the city.

A resolution was passed condemning the action of the Traffic association, and asking members of the Knights of Honor to use their influence with representatives in the legislature to pass a law compelling a 3-cent a mile rate on railroads. The order has about 4,500 members in the state.

Action was taken authorizing the employment of one man or more to work in the field for the extension of membership at pay to be determined by the advisory committee.

To the \$500 appropriated by the supreme lodge for the extension of the order in the state, the grand lodge added \$800.

The meeting closed with the installation of officers. The next grand lodge meeting will be held on the second Tuesday in February next year, at Terre Haute.

EXTRA SESSION.

Republicans Will Probably Demand One of Governor Matthews.

INDIANAPOLIS, Feb. 13.—After being in session 18 solid hours, the Republican state central committee, at 11 o'clock last night, decided to issue a letter to all the representatives and senators composing the legislature of 1895. This they will be asked to sign, pledging themselves that in the event that an extra session is called they will enact an equitable apportionment law and then adjourn.

If a majority of the members sign the committee will demand of the governor an extra session of the legislature. If he refuses the Republicans will at once attack the law of 1885 and all other laws. The vote stood 7 to 6 against this for 15 hours.

Lincoln League Meeting.

INDIANAPOLIS, Feb. 13.—The annual meeting of the Lincoln League of Indiana met yesterday. There was an attendance of 600. Retiring President Marcus B. Sulzer of Madison delivered the speech of the day.

The resolutions cover a wide range, from denunciation of the Democratic party to expressing sympathy for the Cubans.

The election of officers resulted in the choice of the following: President, A. M. Higgins of Terre Haute; secretary, J. J. Higgins of Indianapolis; treasurer, R. H. Richards of Owen county.

WHAT has come over Br'er Davis' dreams? A few weeks ago he declared for McKinley for President; now he's shouting Governor Bradley's praises. Next!

THE Lexington Leader's editor doubts whether Bradley's name will ever be presented at the National convention for President. Br'er Roberts is red hot for McKinley, and he doesn't intend to allow the anti-McKinleyites to control the delegation from Kentucky, if he can prevent it.

CONGRESSMAN EEDMAN, of Pennsylvania, who has been traveling in the South and West, predicts that the silver craze will so disorganize both parties that there will be no election for President, and that the choice will be thrown in the House. There is no doubt about what the Republican Congress would do under such circumstances. As the Philadelphia Record pertinently remarks, the people may slip up some times, but never such a business-like body as a Reed Congress.

PLATTISM in the Republican party in New York has so disgusted the New York Tribune that it has kicked clear out of the g. o. p. ranks. A New York dispatch a few days ago to the Chicago Times-Herald tells the story of the Tribune's bolt of Platt and Morton as follows:

The Tribune, of this city, for the first time since 1872, is outside the Republican ranks, and this morning announces that in case Mr. Platt forces Governor Morton upon the Republican party, as its candidate, The Tribune will bolt the nomination. The trouble is a result of the fierce factional fight which has been going on in the party ranks of this city for many months.

EXPORTS of wheat—four included as wheat—from both coasts of the United States last week amount to 2,907,000 bushels, against 2,550,000 bushels previous week, 2,020,000 in the week a year ago, 2,678,000 in the week two years ago, and 3,931,000 in the first week of February, 1893. Exports of Indian corn last week amount to 3,222,000 bushels, a trifle more than previous week, three times the quantity in the like week last year, more than twice the quantity exported in the corresponding week of 1894, and more than six times the amount shipped out of the country in the first week of February, 1893.

The above is taken from Dun's review of business. In the face of such figures Republican editors persist in declaring the Wilson bill is ruining our export trade.

NO SENATOR YET.

Hunter's Chances Thought to be Fading—News From Frankfort. The Legislature.

The ballot for Senator in the joint assembly yesterday was not essentially different from that of Tuesday. Hissem, Carpenter and Rummans (Republicans) again voted for Holt, Bennett and Cochran, respectively, and Hunter was further from election than he was five weeks ago. Sound money Democrats were divided between Carlisle and McCreary, and Populist Poor voted for Bate. Only 67 votes were required to elect, and the ballot stood: Hunter, 62; Blackburn, 61; scattering, 9.

Judge Cantrill, of the Franklin Circuit Court, yesterday morning granted the mandamus of the Judges of the Court of Appeals, compelling Auditor Stone to pay their salaries at the rate of \$5,000 to Judges Pryor, Lewis and Hazelrigg. He holds that the Legislature's intention was to fix the salary of all Judges at the same rate. This is in accordance with ex-Attorney General Hendrick's opinion.

The State Contest Board sustained the demurrer in the Porter-Dempsey Railroad Commission contest on the ground taken by Dempsey that the board had no jurisdiction. The case now goes to the courts.

VANCEBURG, Ky., February 12.—County Clerk Mitchell, a well known Republican politician of this county, received word this morning to hurry to Frankfort. The report says that Senator Rummans and Representative Pollitt, of this county, have refused to support Mr. Hunter any longer. Ex-Congressman George M. Thomas has been at the Capital for several weeks, and by several politicians from here being there, knowing ones say that the next United States Senator will be the Hon. G. M. Thomas, of Vanceburg.

The House passed the bill making the age of consent 16 years. The bill was amended so as to exclude a prostitute from the operation of the law, and the penalty fixed at from 10 to 20 years in the penitentiary. Petitions signed by the physicians of Lexington and Versailles and many other were presented. The bill passed by a vote of 68 to 2.

The bill to allow the Coroner to employ a stenographer to take testimony was passed, as was also the bill known as the "fish bill," which allows seining, provided the meshes of the net are 1½ inches or larger.

The bill amending the charter for sixth class towns was passed. It increases the duties of the Marshals of said town.

The following are among the new bills introduced:

An act to amend Section 1784 of the Kentucky Statutes, entitled an act to provide for the erection and maintenance of division fences. Provides that barbed wire may be used with the consent of both parties.

Act making it unlawful for any official of a corporation to exact from or accept of employees any commission, money or other thing of value, the object being to prevent extortion.

Act authorizing persons to seine for fish on their own land.

Act providing a clerk for the Attorney-General.

An act authorizing the Court of Claims or Levy or Fiscal Court to levy and collect a poll and ad valorem tax for county purposes.

Act to enable any county to establish county normal schools.

The bill to prohibit the drinking of liquor within one mile of any country church was passed.

COL. MARSHALL.

Death of an Old and Honored Citizen of the County.

A Member of One of the Nation's Noted Families—Sketch of Deceased.

The venerable Colonel Charles A. Marshall died Wednesday afternoon about 4 o'clock at the family residence in Washington.

Colonel Marshall had been ill with a complication of diseases for a long time, and had been a great sufferer, especially during the past year. His principal trouble is given as Bright's disease. His condition had been critical for days.

Charles Alexander Marshall was a native of Mason County, and was in the eighty-seventh year of his age. His long life was spent in the town of Washington and in that vicinity. He was a nephew of the noted Chief Justice Marshall. His father was Captain Thomas Marshall and his mother Frances Maitland (Kennan) Marshall, both of whom were natives of Virginia. His father came to Kentucky in 1790, descending the Ohio in a flatboat, and having a miraculous escape from the Indians en route.

Colonel Marshall was educated in the private school of his uncle, Dr. Louis Marshall, and under the tutelage of his father and sisters. He was a man of great mental power and moral courage, and a friend of his says he seldom met with one better versed in history and the politics and literature of the day.

Deceased represented Mason County in the Legislature in 1840, and again in 1855-1859. When the war broke out he opposed secession with all his powers, and though too old for much active service he was selected to raise a regiment, which he succeeded in doing, and joined General Nelson in Eastern Kentucky. He participated in a fierce battle on the Big Sandy, his horse being killed under him and his clothes perforated with bullets. His regiment, the Sixteenth Kentucky, did signal service during the war. After commanding it for a time, age and rheumatism compelled him to resign and return home.

Colonel Marshall married Miss Phoebe A. Paxton in 1833, and they celebrated the sixty-second anniversary of their wedding the 12th of last September. She survives him, with eight children—Hon. Thomas Marshall, of Salt Lake City, Major W. L. Marshall, of the United States Army, now stationed at Chicago, Messrs. J. P. and Ben H. Marshall, of this county, Mrs. Rev. Maurice Waller, of Lebanon, Mrs. J. B. Bentley, of Virginia, and Mrs. Ed. Wilkes and Miss Fannie Marshall, of Washington.

Colonel Marshall was a member of the Presbyterian Church at Washington, and had long been one of the Elders.

The funeral will occur to-morrow at 11 a. m. at the Washington Presbyterian Church.

GOOD FOR EVERYBODY

and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the Liver active. You must help the Liver a bit, and the best helper is the Old Friend, SIMMONS LIVER REGULATOR, the RED Z.

Mr. C. Himrod, of Lancaster, Ohio, says: "SIMMONS LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish Liver.

It has been discovered at Washington that Dr. Hunter's son William, one of the two Kentuckians to get a subordinate position when Platt, Quay & Co. parceled out the congressional patronage, has been drawing a salary also from the Government as his father's private secretary. He was at once removed from his position in the folding rooms.

MR. HENRY W. RAY, who has been connected with Chenoweth's drug store for years, and who is a most worthy and industrious young man, has bought of Mr. Theo C. Power the Postoffice Drugstore, and takes possession at once. Mr. Ray passed a very successful examination before the State Board of Pharmacy a year or so ago, and can be relied upon to give the closest attention to any business entrusted to him. The BULLETIN with his many other friends wishes him success and bespeaks for him a liberal share of the public patronage.

Attempted Suicide.

Mr. John Klipp, dealer in saddles and harness, drank a quantity of oxalic acid about 8:30 o'clock this morning at his place of business, with suicidal intent. He told Mr. R. A. Toop shortly afterwards what he had done, remarking that he didn't care to live any longer.

An emetic was at once given, and antidotes were later administered by Drs. Reed and Owens who had been hastily summoned.

Mr. Klipp was afterwards removed to his home.

At 10 o'clock he was resting very well, and hopes are entertained that he will soon be all right again.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's. THE NOMADS.

First Anniversary of the Club's Organization Celebrated Wednesday. Delightful Event.

Yesterday, the Nomads celebrated the first anniversary of the club's organization in an open meeting at the beautiful home of Mrs. George Cox, who generously extended her hospitality for the occasion. Promptly the members and their guests assembled and at 3 o'clock the meeting opened with a very cordial and graceful address by the President, Miss Campbell, who was succeeded by Mrs. Mathews, the Secretary, in an interesting resume of the year's work.

The regular program then followed and it is certainly no exaggeration to say each number represented the perfection of its kind. The papers by Miss Hayes and Miss Moore showed conscientious study and were delightfully treated, while the conversation of Mrs. Barbour was given with a charm and finish that commanded deep attention and evoked universal compliment.

The beautiful song by Mrs. Phister and Miss Moore's charming selection are additional to the laurels already won by these gifted musicians.

The club's work has been confined to Germany this year and the decorations of the afternoon as well as the dainty refreshments carried out the color scheme of the Fatherland's flag,—red, white and black. Reluctant goodbyes were said, and all separated, wishing every meeting of the Nomads was an open one.

IN MEMORY OF LINCOLN.

Brilliant Banquet by the Marquette Club of Chicago.

CHICAGO, Feb. 13.—The banquet in the Auditorium last night, given by the Marquette club in commemoration of the birth of Abraham Lincoln, proved a great success. It was intended there would be 1,200 guests. More than that number by 300 came, and an overflow banquet was necessary. The guest of honor was Mr. McKinley. He spoke to the toast, "Abraham Lincoln."

Among those at the speaker's table besides Mr. McKinley were the Republican governors of Wisconsin and Pennsylvania and the Republican senators from Nebraska, North Carolina and Maryland. The address of the ex-governor was a characteristically magnificent piece of oratory.

Senator John M. Thurston of Nebraska delivered an eloquent address on "The impending conflict."

Senator Pritchard of North Carolina responded to "Our hope in the South."

Among the other speakers were Governor D. H. Hastings of Pennsylvania, Governor W. H. Upham of Wisconsin and Senator-elect Wellington of Maryland.

Dinner at Delmonico's.

NEW YORK, Feb. 13.—The 10th annual Lincoln dinner of the Republican club was held at Delmonico's last night. Elihu Root, president of the club, presided.

Hon. Chauncey M. Depew was the first speaker. He spoke to the toast "Abraham Lincoln."

Senator-elect J. B. Foraker responded to the toast, "The Republican party."

The next speaker was the Rev. Dr. Emil G. Hirsch of Chicago. His toast was "The Home of Lincoln."

PROCEEDINGS OF CONGRESS.

The Bond Bill Discussed in the House. Routine Business in the Senate.

WASHINGTON, Feb. 13.—The house spent another day in the discussion of the silver bond bill. The feature of the day was the speech of Mr. McCleary (Rep., Minn.) who used to illustrate his remarks the charts previously employed by Mr. Towne, from his own state, and by them sought to refute the arguments in favor of free silver made by Towne. Messrs. Bolivar (Rep., Ia.), Brosius (Rep., Pa.) and Bruun (Rep., Pa.) also opposed the bill.

Messrs. McMillan (Dem., Tenn.), Bailey (Dem., Tex.), Underwood (Dem., Ala.) and Cox (Dem., Tenn.) spoke in favor of free coinage.

It was expected that the tariff bill would come up in the senate, Mr. Morrill, chairman of the finance committee having given notice of a motion to that effect. But the subject was not mentioned during the day, and the entire session was given to routine business. Considerable progress was made on the deficiency bill, and the item of federal court expenses brought out strong criticisms from Mr. Chandler, Mr. Tillman and Mr. Vest against the fee system.

A resolution introduced by Mr. Peffer calls for an investigation of recent bond sales, all dealings with syndicates and individuals. The resolution is so comprehensive as to cover every possible phase of negotiation on the bond issues of the past three years.

Paralyzed Woman's Husband Drops Dead. WEST UNION, O., Feb. 13.—Shortly after daylight Tuesday morning Samuel

McClure, aged 78, dropped dead of heart disease at his home near here. His wife and he lived alone, and although Mrs. McClure was in the room when her husband fell to the floor, she was suffering from an attack of paralysis and could not leave her bed, and the dead body lay where it fell until 12 o'clock noon, when the old lad, 's cries attracted the attention of a man passing by the house.

SAN FRANCISCO, Feb. 13.—Theodore Durant has been given another respite. His counsel appeared in court yesterday with an application for a 10 days' stay of proceedings in order to allow them to prepare their bill of exceptions on the appeal from the order denying a new trial. They were granted 20 days.

At the first request for a stay of proceedings it was announced that at least 60 days would be consumed in preparing the bill of exceptions. The attorneys were given but 20 days, however, and yesterday they were given 20 more, although they asked for only 10.

Mrs. Mary E. Lease Will Devote Herself Hereafter to Religious Pursuits.

WICHITA, Kan., Feb. 13.—Next Sunday morning Mrs. Mary E. Lease will make her debut into the ministerial profession, and henceforth her literary prefix will be Rev. Her recent sickness was the immediate cause of her mind taking a divine turn. She promised the Master that if she got well she would consecrate her life to Him, and she is keeping her promise.

Next Sunday she will preach in the Central Church of Christ and it is thought she will be offered its pastorate, which is vacant at present.

She promises to "skin" the "wolves" in the church when she gets in, and she says there are many of them there.

Miss Schuster.

Miss Schuster, the accomplished elocutionist, gave a beautiful recital of elocution and dramatic at Knabe Hall. It was a most captivating event throughout.—Commercial Gazette.

We had the pleasure of hearing Miss Schuster. Her style is ever simple, not extreme either in manner or in giving of tones. She was most heartily enjoyed.—Commonwealth.

Miss Schuster is certainly a gifted elocutionist, and the program at last week's entertainment was exceptionally fine.—The Cincinnati Tribune.

The recitations of Miss Helen Merel Schuster called for special comment: as one in the audience said, "her expression and gestures are so perfect she hardly needed words." She is an artist, and will doubtless command a high place among the exponents of the pleasing art of elocution.—From the Cincinnati Times-Star.

Miss Schuster will appear at the opera house to-morrow night, and will be assisted by several talented musicians, among them Mrs. George Bruce, the accomplished pianist, formerly of this city. Tickets at Nelson's.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
